News columnist Walter Winchell will emcee the police show, which this year will benefit both the police department and the Palm Springs Boy's Club. Prizes to be offered to those in attendance at the show will include a new 1958 Plymouth Station Wagon. (Desert Sun Photo).

Two Arrested for Disturbing The Peace After Club Fight

Vice Squad Lt. Dale Thompson and Detective Carroll Vogelaar last night booked two Seattle men into jail after a fight in a local night club. A third suspect escaped.

The three men entered the club last night, reportedly tried to crash a private party, and finally were given a table of their own. After eating and drinking about \$60 worth of food and liquor, the men allegedly decided to leave without paying their check, officers reported.

THEY REPORTEDLY tipped a table over on another party (hoping to cause a confusion in the midst of which they could make a casual exit) but the other party

20 File for Desert Junior College Board

McGahey, Cook Submit Papers Before Deadline

Two more resort area residents yesterday filed notices of candidacy for election to the desert junior college board of governors, bringing the final election slate to 20 candidates. Filings accepted before the 5 p.m. deadline for candidates were submitted by David M. McGahey, Palm Springs attorney, and William W. Cook, pioneer Palm Desert ranch owner.

EIGHTEEN OTHER candidates from Palm Springs, Palm Desert, Cathedral City, Indio, Thousand Palms, Coachella and other communities of the general Coachella Valley area will be listed on the ballot for election of five members for the junior college board of governors.

Former president of the Desert Bar Association and presently member of the association's board of trustees, McGahey has been a Palm Springs resident for six years.

HE ENTERED law practice in 1941, interrupting his career for Army service with the judge advocate's staff and the intelligence department. He subsequently served four years as deputy district attorney in El Centro and one year as El Centro city judge. A native of South Dakota, McGahey came to California in 1929.

McGahey, 51, said he was running for board membership because he felt "that the board should have a lawyer in its membership 'to create a better balance.'"

COOK, 52, WAS born in Whittier and came to the Coachella Valley with his parents when he was two years old. The family settled near what is now the Cochran golf course and moved to what is today Palm Desert in 1918.

Cook operates a date and citrus farm started by his father. He was general manager of the California Date Growers Association from 1936 to 1950.

Educated at Valley schools, Cook was graduated from Coachella Valley Union High School in 1925 and attended Stanford University.

COOK SAID HE filed his candidacy for the board of governors at the request of several friends. "But I feel that all of us owe a certain amount of time for civic duty," he said, "and this is a particularly important function—one that will greatly affect the future of the desert."

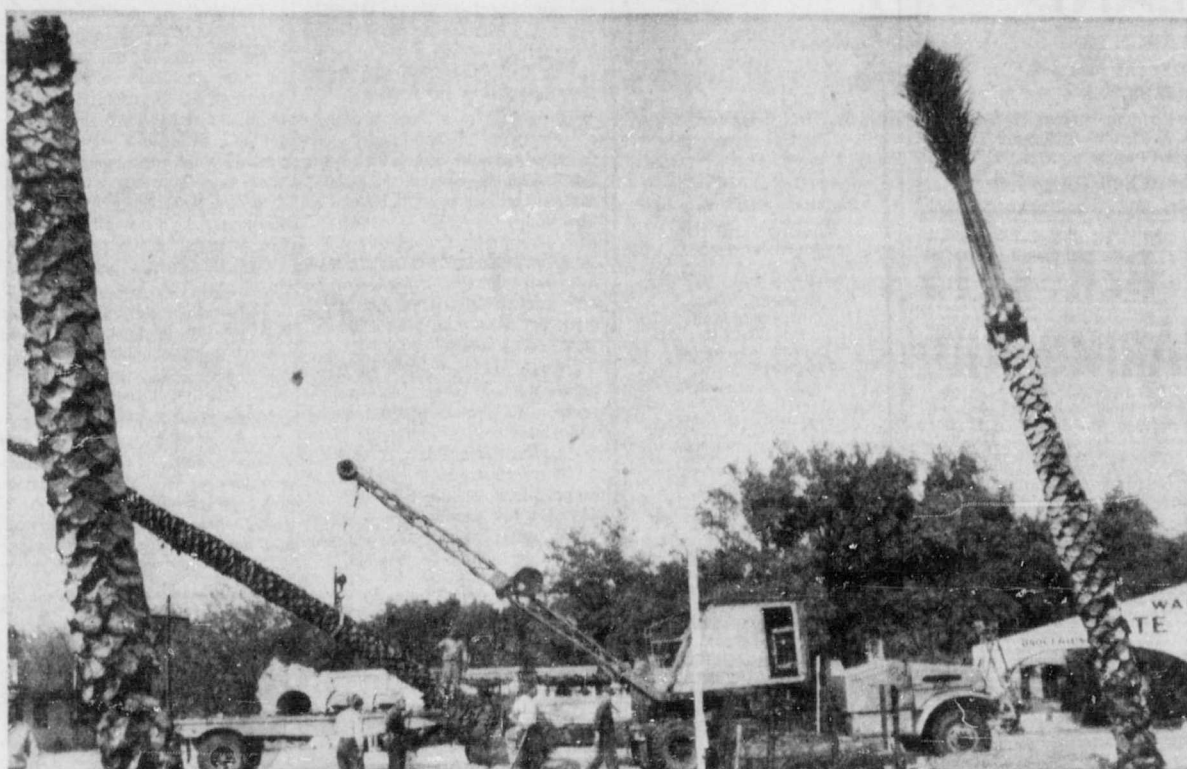

Cook lives in Palm Desert with his wife, Carmen. His son Charles, is an engineer with Northrop Aircraft.

McGahey and his wife, Edwanda, have a Village home. One daughter, Joan Trimble, lives in Palm Springs. A second, Mrs. Rich Womack, lives in Ft. Smith, Ark.

Special Census Extended Here For One Week

City of Palm Springs yesterday convinced Census officials that growth belies figures of the special census here, and secured a one-week extension of the count.

First figures released by the Census Bureau showed a population of only 12,345 compared to 12,225 recorded in 1956, while construction figures have shown an amazing growth potential during that period of time.

No additional door-to-door canvass will be undertaken during the period that extends through next Friday, but an employee will be on duty days at the Census office, and persons not enumerated may be counted by their calling FA 5-2535.

The Chamber of Commerce will have census forms at its office.

Whip End

Gale Winds, Snow Lash East Coast

By UNITED PRESS
The whip end of an "amazingly" long weather pattern extending from the Dakotas fell with a crack on the East, causing a rash of gale winds, severe thunderstorms and new snows.

Along the New England coast Friday night, 65-mile an hour winds drove tides up to four feet above normal, and a Coast Guard cutter put out into 12-foot seas to rescue a disabled fishing boat.

THERE WERE 10 inches of snow reported at Worcester, Mass., and unofficial reports of foot-high snows in the Berkshire Mountains running through Massachusetts and Connecticut were received.

Moderate temperatures caused the mushy snows to snarl traffic in New York City. With 6 to 10 inches of snow in the northern

Hundreds Asleep in 12 Block Area

South Carolina Town Checked For Drownings

BENNETTSVILLE, S. C. — One section of a large earth dam system gave way without warning here early today, sending millions of gallons of water through a residential section where hundreds were sleeping.

Police spotted the break moments after it occurred, however, and roused residents with the town's fire alarm. The section was evacuated quickly, and a check was being made to determine if there were drownings.

AN OFFICIAL said the flooded area consisted of about 12 blocks crowded with homes. The section was annexed by the city recently. Half the water from a 300-acre twin lake poured through the Negro residential area in a broad stream that reached depths of five feet or more.

There was concern earlier that remaining dam sections might give way and release the other half of the lake but police reported shortly before dawn that "the danger is over."

THE WATER WAS receding slowly, officers said, but was reported threatening to break a smaller private dam several miles down-stream.

The twin lakes were built about 18 months ago by the State Wildlife Commission. Water was impounded through construction of a unique T-shaped dam system requiring thousands of yards of dirt. The lakes had been above their normal level for two months, a policeman said, "but nobody dreamed there was any danger of their being full enough to break."

Final Hearing Set April 2 on Highway Plan

Fourth and last in a series of open hearings on a proposed street and highway master plan was today scheduled for 4:30 p.m., April 2, in the City Council chambers by the City Planning Commission.

The last hearing on the plan is intended for discussion and summary of all aspects of the streets and highways report, Ranes said.

DEAF MAN PERFECTS SMALLEST HEARING AID

LOS ANGELES, Mar. 13—A remarkable midget hearing aid has been perfected by a resident of Palm Springs who has been hard of hearing for nearly 20 years.
This new small aid has no dangling cords or separate transmitting units and was announced in California today as the most revolutionary product ever to appear on the market for the hard of hearing.
It is especially made for those people who can hear but not understand. This new hearing instrument provides "ear-level" hearing with the wearer picking up speech, sounds, television, and radio at his ear rather than at the transmitter located in the wearer's clothing.
Due to the use of 4 transistors, the user cost is extremely low and the instrument weighs approximately 1/4-ounce. It is about the size of a sewing thimble.

ROBERT E. McDAVID, member of the State Board of Equalization from Los Angeles, second from left, chats with three members of the California Mortgage Bankers Association prior to entering a panel discussion at the convention at El Mirador hotel. McDavid Discusses Land 'Wealth' Before Bankers

Robert E. McDavid, member of the State Board of Equalization, representing the Fourth District, yesterday was featured speaker at a panel discussion at the meeting of the California Mortgage Bankers Association in session at El Mirador Hotel.
McDavid told the panel, and delegate attending that "land and improvements placed upon land, constitutes the basic wealth of California."

"LAST YEAR THE state's total assessed value of tangible property was \$24,308,000,000 and 80 per cent, or more than \$20,000,000,000, was real property."

McDavid pointed out to the Mortgage Bankers that "this represents a major part of the security underlying the loans that are made to finance our economy."

"Men who are in the business of making loans should be concerned with the tax expenditure program which could burden the property beyond its ability to respond."

"PROPERTY TAXES do affect the value of real property. If taxes are fairly distributed and fairly adapted to the needs of the community, they should tend to improve rather than detract from property values. On the other hand, the worth of property could be distorted by assessments that are unequally related to market value."

McDavid said that "except for federal income taxes, Californians pay more for the support of government by the means of property taxes than in any other way. Property taxes levied by local California governments and used for their support, amount to more than \$1,600,000,000 each year."

SINCE PROPERTY taxation is based upon assessed values, it appears that "the determination

Juveniles Give Operator a Bang

It was a real "bangup idea" but local police frown on having juveniles put firecrackers in telephone booth coin slots.
A telephone operator notified police last night that she received a call, and on answering it heard only "Hey You" then an explosion, and silence. The call was traced to Nellie N. Coffman Junior High School where police theorized that someone had put a firecracker in the coin slot of the pay telephone.

Freeholders End Charter Discussions

Riverside County's Board of Freeholders this week adopted a proposed County Charter, ending 29 weeks of study and discussion on provisions for a new system of county government.

Unanimous approval of the proposed charter, which goes before county voters in the near future, lacks only the signatures of Freeholders Floyd Gilmore, of Hemet, and G. K. Sanborn, of Palm Springs, who were absent at this week's final meeting.

IN THEIR FINAL actions, board members passed resolutions of gratitude for special services rendered by County Recorder Jack Ross, County Clerk Gordon Pequegnat, Elections Officer, Carl Hodges, Miss Maxine Wayne, Assistant County Surveyor C. T. Worsley and Board Chairman Fred Eldridge.

Eldridge was cited for his "fine leadership, tireless energy and impartial conduct in all our meetings."

FINAL DEBATE of the board hinged on the question of whether the planning director should be appointed by the County Administrative Officer or the Planning Commission. The Planning Commission won by a vote of seven to five.

In an accounting of a Freeholders' budget of \$10,839, it was noted that the board had an unexpended balance of \$6,095. It was anticipated that \$4,000 will be turned back to the county's general fund after all claims have been paid.

Rice Commends Deputies for Investigation

Sheriff Joe Rice today commended detectives responsible for the successful investigation and prosecution of Felicitas Nicholson, former German war bride who faces the death penalty for the murder of her five-year-old daughter.

Sheriff's detectives commended were Capt. Robert Presler, in charge of the case; Sgt. L. E. Brooks, Virgil Woodward, Howard Greene, William Erickson and David Duncan, who were responsible for the major portion of the investigation into the death of little Heidi Nicholson last July.

A jury of seven women and five men this week called for the death penalty for Mrs. Nicholson. The same jury returned a guilty verdict for first degree murder. Sheriff Rice regarded the case as "one of the most difficult" of several recent murder investigations handled by the sheriff's office.

Rice also said he was "much impressed" with the "efficient and effective manner" in which Deputy District Attorney Roland Wilson presented the case to the jury.

Palm Lane Estate Homes Meet With Excellent Respons

Immediate and overwhelming response has been noted since the first announcement was made March 1 concerning the new Jack Meiselman Palm Lane Estates Homes.

Hundreds of interested home buyers have visited the furnished model home located on Sunset Way just north of McCallum Way. Several sales have been made, according to Gannon Realty Company, exclusive agent for the pioneer builders latest development.

AS POINTED OUT by Meiselman, these homes are the result of years of trial and experience in home building in the desert. As the result, the slogan adopted for Palm Lane Estates is, "Designed For Desert Living."

Two example are: First the selection of the noted Youngstown Kitchens. These kitchens feature the Sunburst Design in Sandlewood, all steel cabinets. Unlike wood, steel cabinets will not warp, twist or split in the dry desert air.

Second, one of the two baths in all Meiselman homes now provide for a direct entry from the outside patio and pool area. The utilitarian value of this feature is immediately apparent to any family who has resided in the desert for any length of time.

PALM LANE ESTATES homes also offer these features: 3-ton refrigeration cooling and forced-

Proponents of Sewer Bond Election Now Deserve Support

Proponents of the forthcoming municipal sewer bond election have taken a step in the right direction by trimming down the original large scale city-wide plan to bare essentials for acknowledged needs.

In recent meetings, the committee of community leaders supporting the sewer bond improvements have wisely scrapped the twice defeated proposal for compulsory blanketing of the entire city.

The compulsory idea has been dropped altogether, and both the size and cost of the project reduced considerably by confining service principally to the densely populated commercial section with only the main lateral lines required.

There is absolutely no question that a new treatment plant is an imminent necessity. The extremely rapid growth of Palm Springs in the past several years has taxed the present inadequate facilities to fullest capacity, and the years ahead must now be prepared for.

While the problem is not primarily a residential one, the continued growth and prosperity of the business district is vital to the general welfare of all residents and property owners in the city.

The citizen's committee has performed a valuable service in behalf of the community by reducing the proposal to its simplest yet adequate essentials . . . a sound project which all voters well might, and should support.

However, because of the two-thirds majority needed for approval of the bond issue and two previous defeats at the polls of the former large "compulsory" type proposals, there is still a tremendous amount of persuasive educational work to be done to swing public opinion and support behind the new issue.

Every voter must be convinced that city-wide blanketing has been dropped, that the new election is for essentials only, and that the time has arrived when an adequate disposal plant and main lines must be provided to maintain our rate of business growth and property values.

The matter is no longer a "will o' the wisp." It is a hard, cold fact which must be met and solved. Further delay will be both harmful and expensive.

The DESERT SUN did not agree with the previous extravagant and unpopular proposals, but now that the plan has been reduced to fit only the existing actual needs, it merits the support of all who wish to advance the welfare of Palm Springs.

The \$64,000 Foreign Aid Question -- Part I

It is obvious to the nation that on the question of foreign aid both Republicans and Democrats agree it is necessary and, at worst, a necessary evil.

Most Democrats even go a step further. They want foreign aid doubled or tripled. This could be because the Democratic party caters to the foreign-born or to the naturalized citizen.

OR IT COULD BE that they believe that the present \$280 billion dollar debt and the \$8 billion annual interest on that debt is of secondary importance.

At any rate, both parties agree that foreign aid is essential to our security, directly or indirectly.

The proponents of foreign aid have important points on their side. Foreign aid does provide a half million jobs inside the U.S.

IT REDUCES THE COST of defense by assisting our allies to finance a part of their own defense which indirectly helps us. There is a humanitarian value in helping others less fortunate than ourselves in preserving their freedom.

Foreign aid fights the fanatical drive of Communism . . . but more important in this direction, it fights the things which make any "ism" possible. For Communism is not the only thing alling the free world.

HUNGER, HOPELESSNESS, economic frustration, disease, exploitation, ignorance, superstitions, lack of water and productive soil . . . are at the root of the trouble and the seeds which create human convulsion, revolts and mass hysteria "to a way out."

The way out usually results in rebellion, in uprisings against

authority, and creation of another "ism" to plague the peace of the world.

IT CANNOT BE said too often that while foreign aid at the moment is directed to fight Communism, it should also be directed to fighting the thing which make any "ism" possible in the future. For it hasn't been too long since we gave our blood and our billions to fight Socialism, Fascism, Nazism . . . only to get something even worse . . . Communism.

When we rid ourselves of Communism, we could again be confronted with something else as bad . . . unless in the process we create a climate under which no kind of "ism" can organize and survive. This is the real challenge of foreign aid . . . it is not just to fight Communism.

The \$64,000 question, it seems to me, is whether our foreign aid is creating the climate in which the menace of present or future "isms" can be reduced and prevented.

FORGETTING THE billions we poured into Europe in World War I . . . and never got back . . . and the billions during World War II . . . including \$10 billion to Russia alone . . . we gave the following sums in foreign aid grants to friend and foe alike just since the end of World War II:

France . . . \$4,500,000,000; Britain . . . \$3,770,000,000; Italy (a former enemy) . . . \$2,757,000,000; Germany (a former enemy) . . . \$1,800,000,000; Japan (a former enemy) . . . \$2,000,000,000; Austria (a former enemy) . . . \$1,100,000,000; Yugoslavia . . . \$1,300,000,000; Greece . . . \$1,000,000,000; Russia . . . \$470,000,000; Turkey . . . \$500,000,000; Poland . . . \$365,000,000; Norway . . . \$240,000,000; Pakistan . . . \$225,000,000; India . . . \$220,000,000; Czechoslovakia . . . \$200,000,000; Sweden . . . \$100,000,000; Indonesia . . . \$118,000,000; Hungary . . . \$50,000,000.

land . . . \$365,000,000; Norway . . . \$240,000,000; Pakistan . . . \$225,000,000; India . . . \$220,000,000; Czechoslovakia . . . \$200,000,000; Sweden . . . \$100,000,000; Indonesia . . . \$118,000,000; Hungary . . . \$50,000,000.

THESE AMOUNTS represent only our foreign aid grants since 1945 and do not include all direct military aid, or other special financial assistance through the United Nations and special technical programs in health, agriculture, housing, rehabilitation, disaster, etc.

Any observer familiar with the facts abroad must conclude that American foreign aid, when intelligently implemented, does directly help America and improve the climate for a better world.

THERE IS NO quarrel in this direction except by those few isolationists who still believe that we can pull back to our shores, hand over the world to the Communists on a silver platter, without jeopardizing our world sources of raw materials, markets, and ultimately our way of life and our freedom.

But it is the implementation of foreign aid which needs improvement . . . which needs a house-cleaning . . . and which is wasting billions of hard-earned U.S. tax dollars.

While both Republicans and Democrats extend all-out support to foreign aid, neither has up to now proposed any sound plan for a hard look at the way the money will be spent . . . or any changes in the present deplorable and wasteful policy.

John Morley

In our next column we propose to show specific cases of this waste, with suggestions of how to reduce it to a minimum.

Dear Abby . . .

DEAR ABBY: I was all set to get married four weeks from today. My girl and I went skiing and I broke my leg. It is in a cast. The invitations are out for a church wedding and everything is all set. I want to postpone the wedding until I get this cast off but my girl says NO. Don't you think I would look like an idiot walking down the aisle with this cast on my leg? Be honest!

ON CRUTCHES
DEAR ABBY: If your girl wants to be married on schedule, don't let a little thing like a plaster of Paris cast come between you. LIMP A LITTLE!

DEAR ABBY: The smartest guy I ever heard of was the one you wrote about in your column saying he refused to buy a television set. Once we were a very happy family with two kids. Then we got a television set. I am now lonely. Nobody talks to me any more. Nobody wants to leave the house because they are afraid they'll miss a program on TV. The wife sits up to watch

the late late shows and is tired and grouchy the next day. Please print this because the wife reads your column (during commercials) and tell me if I have a right to go to the corner saloon for company?

SICK OF TV
DEAR ABBY: Stay home. You'll only run into the same TV programs at the saloon.

DEAR ABBY: I am 15 years old -- married, divorced and pregnant. I married this kid for spite because the boy I really love joined the Marine Corps instead of marrying me. The divorce will be final in June and the baby is due in August. My folks are trying to get me to stick with my husband but I have no love for him. The boy in the service won't answer my letters but I know when I am fully divorced he will take me back, baby and all, because he once said he will always love me and no one else. Am I doing right?

STUBBORN
DEAR ABBY: (and you

certainly are) Cool off long enough to have this baby while you still have a MRS. in front of your name. If you channeled some of that energy toward making a success of your marriage (this one) you would probably be a good wife.

DEAR ABBY: I believe in paying our children for doing odd jobs like washing the car, or washing the kitchen walls and ceilings and cleaning out the garage or basement. My husband says it is nuts. What's right?

MA
DEAR ABBY: If you would hire others to do this work, why not pay the children?

CONFIDENTIAL TO SHARON
Your second mistake was telling him about your first mistake. Silly girl!

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, please enclose a stamped self-addressed envelope.

THIS SIDE of The Sun By Phat

For truth you surely

You said that March
Would be like a lamb.

(Note -- I have to be careful. There are women and children present.)

ANYWAY, my correspondent, whose offering is cleaned up above for public presentation, apparently blames me because we have had a lot of moisture in the past few days.

Recalled that this composition along about the first of March predicted that since the month came in like a lion -- with a bit of wind -- it would go out like a lamb.

"He will be awfully heavy, with all of that water in his wool," he said.

IT'S JUST THAT the weather, like everything else, goes in cycles.

To my recollection it has been about 14 years since we have had this much rain and seven years ago it was just the opposite.

People were complaining about how dry it was -- that we needed a bit of rain.

In that weather year, from July 1 to the next June 30, less than an inch of rain fell in Palm Springs. The actual figure was .94 of an inch.

Just the law of averages.

SPEAKING OF CYCLES, there's another one swinging around the bend. That's in music.

We've gone through rag-time, jazz, swing, bop, progressive jazz, and now rock 'n' roll.

But, according to observers a new cycle is coming in and soon Hootenany will be all of the rage.

Reports from all over the country indicate that it is already enrolling the fugitives from rock 'n' roll.

HOOTENANY is folk music. Guitars and banjos are twanging stilt like "Good Night Irene" and the like.

Folk music is now all of the rage in Chicago, the city which gave swing its start back in the 30s.

Night clubs there which feature the old - time music are jammed. People bring along their own guitars and banjos and join in the singing.

First thing you know they'll be singing in barber shops again. Yep, there's nothing new, etc.

LOOKS LIKE there's a rebellion on against today's output of pop music. Of course, it's mostly an adult revolt. Most of the teenagers still like to rock and roll.

So they say, at least. But watching Guy Lombardo and Lawrence Welk on TV, I am always surprised to see so many youngsters dancing.

And it's not "square" dancing either although that's what most of them call Guy and Lawrence.

ONE LAST COMMENT on music. That's about the disc jockeys who start off your day with the loudest squealing clarinets and high brass to get you out of bed at 7 a.m.

They not only tell you it's time to get up but they jerk you right out from under the covers.

I'm far soothing music at that time of the day -- also at bed time.

All right, so I'm a square, too.

STAN DELAPLANE'S Postcard

Life is not so simple, Daddy-O. Whud-uh, whud-uh. We are learning to drive the car these days. One hand for the steering wheel, one to punch the push buttons on the radio.

My heart beats to Sal Mineo singing "Little Pigeon." My nerves throb to "Bop-a-Lena." Bop music, I find, is full of "whud-uh, whud-uh."

"GOT PATENT leather shoes -- whud-uh, whud-uh -- on my hound dog feet -- whud-uh, whud-uh."

"WATCH THE CAR!" "Yes, Daddy." Snap the button. "Got those grown-up blues, whud-uh, whud-uh."

WE GO SAILING down the back roads. The ducks are flaked out in the green, green spring grass. The sun is shining and the sky is blue silk.

The radio plays today's love songs: "Sweet til sixteen -- whud-uh, whud-uh -- way down in New Orleans -- whud-uh, whud-uh."

THE WHITE SHEEP are on the hillside. The orange road machinery is on the roadside. "I'm on your side -- whud-uh, whud-uh. Are you on my side? Whud-uh, whud-uh."

"Does my driving make you nervous, Pops?" "Not at all, at all," I said. "You're lighting the wrong end of your cigarette," she said critically.

"Never mind my cigarette," I said. "Watch the road. I like to smoke the filter first. The rest of the cigarette is for desert."

EVERYBODY MUST learn to drive, I suppose. It is practically demanded at 14.

"Why do you press the pedal like that downhill?" "It makes the car pop, Pops." "Do not make the car pop. Drive the car. My nerves will do all the popping necessary around here. Could we have the radio just a little softer?"

"Yes, Father."

THE CAR RADIO seems to have an automatic gain. It grows

louder and louder. The way you do this, each time you push the push button, you just let your hand graze over the volume knob. Turn it up just a little, little bit.

Do this often enough and you get it the way we like it. "Who wears short shorts Whud-uh, whud-uh. WE WEAR SHORT SHORTS: WHUD- UH, WHUD- UH."

"Turn it down!" " . . . short shorts, whud-uh . . ."

"ISN'T IT A wonderful day," she said breathing deeply and closing her eyes.

"Open your eyes. Speak to me," I said, grabbing the wheel. "I am being very careful." "Thank you. Those are pleasant words. I hope the words are close to your thoughts."

We cannot be too careful. When spring is in the air and the air is full of bop.

ONE OF OUR friends was teaching her father to bop. While he was cavorting around, he managed to crack a knee bone and is now in the hospital. Sadder and wiser. Do not try to crack the sound barrier.

We turn into a gravel road and baaaack around for the return trip. It is a wonderful day. The first golden poppies are coming up. You cannot beat such a day.

"SHALL WE HAVE some more music, Pops?" "There is nothing I would prefer more," I said. "To be driven through the countryside by my daughter to the strains of 'Cherry Pie.'"

My driving daughter agrees with me. Snap.

What a great day! "Lollipop, lollipop. Whud-uh, whud-uh."

EARL WILSON:

Dody Goodman Hitting Big Dough

NEW YORK -- The Hollywood Goo'ball and Reeler Gang now includes two of the biggest boxoffice names: one male, one female . . . After Evelyn West, the stripper, flung these tomatoes at Anita Ekberg in Miami Beach, Bob Hope told Anita, "Don't worry, dear; they used to throw tomatoes at me in vaudeville, too--only they didn't take them out of the can."

Our Buckeye friend, Comedienne Dody Goodman, of the Jack Paar TV show, expects to earn \$100,000 this year with guest shots, Las Vegas, summer theater, etc. Dody can't understand why anybody hates her--"I read the Bible every morning," she says. She's going back to God's country (Ohio) for a two-week vacation shortly. She got \$5,000 for doing the Eddie Fisher show . . . Columnist Eddie Harris broke her leg at the Plaza Oak Room stumbling over a cord, and is in Mt. Sinai. (Richard Burton hugged her to an elevator.) She'll sue the hotel.

Syd Chaplin, who used to date actresses Judy Holiday and Nancy Olsen, was at El Morocco with fashion model Melissa Weston -- while Miss Olsen was across the room with James Hanson, who almost married Audrey Hepburn . . . Today's look - alikes: Elsa Maxwell and Yogi Berra . . .

Geene ("Miss Cheesecake") Courney has a 41½ chest cold.

Everybody's entitled to an opinion--so Rita Hayworth and Jim Hill walked out on "Dark at the Top of the Stairs" . . . John Ringling North told Mrs. Laddie Sanford he couldn't attend her Palm Beach charity ball "because if I step foot in Florida, my darling relatives will have me arrested."

Today's Wilson Girl Nominee is Gail Fenton, 17, of San Francisco, sensational model nominated by our old friend Dorothy Friend . . . Society Note: Cholly Knickerbocker just got over the chickenpox . . .

Heard of a fellow who gets good theater tickets by writing to the box office--and always enclosing a \$1 bill extra. "Nobody ever returned my 'bonus' yet," he says.

Roxanne Arlen--the Taffy Tuttle type in "Who Was That Lady I Saw You With?" -- has a divorce coming final soon from Richard

Gilman, Detroit salesman, but when she saw him after almost a year she thought he was real sweet. "I couldn't remember why I wanted to divorce him and had to look up my clippings," said the Hollywood starlet. "Jut proves you should always keep a scrap-book."

No woman star--except maybe Rita Hayworth--can carry a picture alone nowadays. It's a man's world! . . . 20th Century-Fox has "at least six new gals" to choose from for "Blue Angel" if Marilyn Monroe declines . . . Tex McCrary's publicizing the gambling concession of the new Havana Hilton and trying to get Batista to meet visiting commentators and columnists . . . Eileen Barton invited folks to her Old Rumanian opening on stationery of "The Eileen Barton Fan Club; Eileen Barton, President."

Explaining new Italian sack-look fashions at a Waldorf show, Virginia Graham looked at one model, "whose A-cup used to run-neth over," and said, "That rose petal in her bodice covers up something that used to be there but nobody knows what happened to it."

THE MIDNIGHT EARL . . .

Milton Berle's considering bringing his cafe revue to a B'way theater . . . Patti Page sold her interest in a Miami Beach hotel . . . Maria Callas' mother has been trying to sell her famous daughter's story to magazines . . . Cublin's ex-Mayor Briscoe saw Art Carney in "Rope Dancer," then went for a kosher meal . . . Webb and Knapp'll spend \$4,000,000 to refurbish the Astor, may include a night club . . . While other shows slumped, "Who Was That Lady?" is booming. Audiences love it . . . Abbe Lane'll be the Queen of the Art Students League Ball.

EARL'S PEARLS . . . This, claims Charlie Jones, is the real test of good citizenship --whistling the Star Spangled Banner while filling out your income tax.

MIKE CONNOLLY:

Paramount Plans TV Plunge

HOLLYWOOD -- Paramount, planning a plunge into TV in order to stay abreast of the already-very-wet-TV-wise M-G-M, 20th-Fox, Warner Bros., Columbia and Universal, may start with several series. They'll be based on such big celluloid successes as "Shane," "The Perils of Pauline" and "Conquest of Space."

Loretta Young's new NBC-TV ticket, which goes into effect following the filming of her 17th segment Thursday (March 20), calls for Loretta to star in a minimum of 11 of the 39 segments to be shot and an unlimited maximum. In other words, as many over 11 as she wants to do.

JANE RUSSELL, who'll sing in her new McCready's Woman teleseries, still hasn't found the piano-playing leading man she's looking for . . . Polly Bergen is pitching for a weekly teleseries next season instead of the every other-week NBCaper she now captains. Polly's pitch is that it's too difficult for her or anyone else to develop a habit-forming audience on the skip-week basis.

Jack Benny jokes that of course he enjoys doing his benefit violin concerts more than he does his TV shows--don't you always enjoy what you don't get paid for doing? Like loafing, Jack?

PLAYHOUSE 90 tried three of its former directors away from their current Broadway hits for another go at Playhouse properties, including Arthur Penn who helmed Tab Hunter's brilliant "Portrait of a Murderer," George Roy Hill who directed Paul Mun's "Last Clear Chance" and Vincent Donohue who directed "The Male Animal" last Thursday (March 13).

Their current credits on the Great White Way: "Two for the Seesaw" (Penn), "Look Homeward, Angel" (Hill) and "Sunrise at Campobello" (Donohue). And that's nice prying by Playhouse or anybody!

IDA LUPINO WILL direct and Howard Duff will produce three pilot films -- "Teenage Idol," "The House of Seven Gables" and "The Green Pigeon"--in the next three months for their own Bridget Productions, following which, of course, the peddling & pushing for sponsors and network time begins.

Lucky Strike (and these guys know a lucky strike when they see one) jotted Jack Benny for another season, Jackson's eighth on TV and 15th with the same sponsor.

BURLESQUE VETERAN Red Button loves to reminisce about this one--the time when Minisky's Gaiety Theatre on Broadway was railed during the performance of a naughty skit called "Who's Got Pockets?" The

judge, Red swears, made him and the rest of the cast repeat their performance in the courtroom--and then ordered the jury arrested for watching a naughty show!

A retired Los Angeles Superior Court commissioner, whose name will remain carefully anonymous because of a recent ruling by the L. A. Bar Association barring attorneys and judges from appearing on commercially-sponsored telecasts, will preside from now on over local KTTV's Divorce Court shows.

SUPERIOR JUDGE Elmer Doyle, you may recall, had previously slipped off the show's bench following the Association's negative ruling. Meanwhile, Hollywood's KABC-TV will install a law professor on its Traffic Court series bench to fill the spot vacated by Judge Evelev Younger when the Bar group barred Hizzoner.

Anna Maria Alberghefti suffered a slipped disc during rehearsals for her Aladdin spec but she says nothing but NOTHING'S gonna keep her from guesting on Dinah Shore's show April 25 . . . Hush O'Brian went swimming at Malibu and swears he met a mermaid who's expecting a little skindiver!

MATINEE THEATRE. NBC-TV's daily dramatic series--and one that's responsible for keeping Hundreds of Hollywood actors out of the unemployment lines--is currently teetering on the brink of cancellation. Reason: The cash outlay on production continues to be more the total income of the series.

I'd like to put in my two bits about George Murphy, recently resigned as M-G-M's public relations chief and ambassador of good will and now public relations veen of Desilu Productions, the Lucille Ball-Desi Arnaz TV empire. He's one great guy.

MURPHY, WHO made the hop to Hollywood from the Broadway musical comedy stage 20 years ago, will perform personal liaison jobs for Lucy and Desi with the networks, sponsors, ad agencies, industrial film accounts, and with independent theatrical and TV film producers--and he's the boy who knows them all and can come up with one Desilulu after another.

BARBARA STANWYCK, long a TV holdout, is poised to form her own production company for the filming of 39 segments of an anthology teleseries on which she'll act as hostess. Plus which Missy Stanwyck will star in 26 of the stanzas herself.

Line of dialogue lost from the Bob Hope script and re-remembered by Yours Truly: "What would I say if you asked me to marry you Bob? Nothing--I can't talk and laugh at the same time!"

Last Sunday some interesting slides of New England and other states were shown by F. A. Kazmarck stopped here previously on their way to Kentucky and then presented Mr. Stewart with a picture of the DeLuxe as it was the first time they stopped in 1935.

Their daughter, who was then five years old, is now a mother with children of her own and lives in Kentucky, one of the states represented in the travel slides of the Kazmarcks.

A ST. PATRICK Pot Luck is being planned. However, as the Do-It-Yourselfers will have their dance Monday, March 17, Tuesday will be the Irish "Meat Pie" Pot Luck with many dishes. It is planned that those having birthdays and anniversaries in the month of March will also be recognized at this occasion.

The first meeting of the newly established Mosaic Class held Friday under the direction of Gaylord Richmond was enjoyable. Six new members joined and many more are expected to join this class which is just now being organized. The first meeting was merely a get-acquainted meeting, where the artistic works of Alice Powell and Gaylord Richmond were on display to show the new members the results achieved through this interest.

GUESTS IN THE park this week include Bertha Darlington and Jessie Fitch from Chicago, who were visiting Edith Patton and her sister Nellie Woolbert. While they were here, the ladies all enjoyed a short trip to Anaheim and Disneyland. They have now come on to Los Angeles and will visit other friends in California before returning to east.

Mr. and Mrs. Ted Carlson from Minneapolis were also guests here. They remarked it was fifteen below zero the day before they left home.

GUESTS OF FRED and Alma Stewart, Managers of DeLuxe, were Mr. and Mrs. Ruel Thor from Hollywood. Mr. Thor is a former business associate of Mr. Stewart and is now general manager of the Earl C. Anthony Co., Inc., of Radio, TV and automobile fame.

Mr. and Mrs. Frank Toppings of Seattle, Wash., left the park this past week but have put in their reservations for next year's winter season.

Beckleys

Brothers Chester and Cromwell Oliver have returned to Beckley's recently from Phoenix. While there, they stayed at the Buckhorn Lodge and visited another brother, Allen Oliver, and Al Pearson.

Mr. and Mrs. Henry Burner and Mr. and Mrs. John Shinn, residents of Beckley's have taken a trip to Death Valley this week. After a short vacation there they will return to the park again for the remainder of the season.

NEW RESIDENTS of the park are Mr. and Mrs. Asal Strain from Kent, Wash. They are thinking of staying an indefinite length of time.

Mr. and Mrs. "Pete" Peterson, well known in this area, are again at Beckley's for a short vacation.

Tuesday, another of the Pot Luck's took place here. These get-togethers are enjoyed by residents of the park who welcome the opportunity to gather and enjoy each other's cooking and conversation.

Perry of the Perry's Tours showed colored slides Saturday night of some of his trips abroad.

Security-First Granted Permit For Yucca Valley

Security-First National Bank has received official approval from the Comptroller of the Currency in Washington, D. C. for the opening of a branch of the bank in Yucca Valley. It was announced today by O. B. Ellingen, senior vice president and administrative officer of the bank's Citizens Division.

"As the result of strong local interest and urging for Security Bank to come into Yucca Valley, and in recognition of the recent rapid growth of the desert area and the corresponding need for local banking service, Security-First has moved swiftly under national banking regulations to obtain required permission to open a new branch in the community," Ellingen stated.

"WE HAVE CHOSEN to utilize leased quarters to house our Yucca Valley branch to further speed the provision of much-needed service to the region."

With the official granting of the permit for the Yucca branch, plans will be activated for the actual installation of bank fixtures and equipment in leased quarters located at 56185 Twentynine Palms Highway in Yucca. The space to be occupied comprises approximately 1,000 square feet of new construction and is locally owned.

IT IS ESTIMATED by Al G. Vaughan, regional vice president in charge of eastern San Bernardino county branches of the bank, that installing of the special fixtures and other equipment will be completed within 60 days, although no definite date for opening of the branch can yet be announced.

"It is expected that the names of manager and staff, together with the opening date will be announced in the near future, as soon as they have been selected," Vaughan said. Necessary banking services to be supplied by the new branch will include checking and savings accounts, loans and escrow service.

When Your Hair Has Turned To Silver, Get Rid of Gold

NEW YORK — "When your hair has turned to silver, get rid of the gold in your jewelry wardrobe."

So advises Mrs. Hilda Altmark, a designer in her late 40's, who's been greying since her 20's.

"Gold jewelry gives a brassy, harsh look to the grey-haired woman," said Mrs. Altmark. "Wear pearls, rhinestones or colored beads. And nothing chunky."

MRS. ALTMARK, chief designer for the dress and suit firm of Brannell, believes the silver-haired also should go easy on the "sissy" pastels, and wear strong shades—pinks, blues, violets, emerald green, blue green, and beige (not brown).

"And no yellow green," said the designer. Grey is an excellent color, if it has character... not a washed out shade. Wear black.

Safety Slogan Set for Week

Safety slogan to be observed in schools in the Palm Springs Unified District next week is "Never hop rides on rear bumpers of cars, trucks or buses," according to George Bond, superintendent of transportation.

Each week a different slogan is selected, to be repeated by students as they board buses en route to or from school.

Sheriff's Rodeo Set May 17-18 At Riverside

May 17-18 has been set for the fifth annual Sheriff's Rodeo at Riverside, Sheriff Joe Rice announced today.

Committees have been chosen and plans are under way for the weekend of western activity.

Sgt. Gil Mundy, Rodeo chairman, revealed that plans for this year have been modified to some extent with the thought of improving the rodeo presentation and to assure its continued success.

TWO DAY-TIME contests will be scheduled for 2:30 p.m., and a public "Rodeo Dance" is set for Riverside American Legion Clubhouse, Saturday, May 17.

Many organizations have been invited to participate in the activities of the rodeo weekend, and it is anticipated that others may join the Rodeo Association in making the annual affair a community event.

THE SHERIFF'S Posse has extended invitations to the two parade units in the Southern California area to participate in the pre-rodeo parade. Applications are being received now, and persons desiring to enter may obtain the official entry applications at the Sheriff's office.

The Sheriff's Rodeo has attracted thousands of spectators each year and has featured outstanding motion picture, radio and television personalities. It has become Riverside's major attraction, and is publicized all over the United States. Hundreds of cowboys travel to Riverside to compete in this World's Championship.

West Germany Has Gone All Out for Atoms for Peace

FRANKFURT, Germany — West Germany has thrown its scientific ability and prosperity into an all-out atoms for peace program.

Banned from all atomic research until 1955, Germany in two years has put two atomic reactors into operation, founded societies for atomic development, and is rapidly catching up on other nations engaged in similar programs for a decade longer.

LAWS CONTROLLING the use of the atom are in the legislative mill, and schools and universities the nation over have begun atomic age education.

In 1955, the German government predicted it would be 15 years before the nation could put the atom to peaceful use.

But scientists and industry are well on the way to proving the government estimation wrong.

LAST SEPTEMBER, Germany's first research reactor was put into operation in Munich. The second followed Jan. 16 in Frankfurt.

A third reactor in Berlin was scheduled to start operation next fall.

In Stuttgart, the nation's first A-bomb shelter has been constructed.

The city of Duesseldorf will have its own reactor sometime in 1959. It will be used to train power

station employees and for experimenting with atomic power in industry.

ONLY ONE YEAR after the ban was lifted, five private concerns founded a society for the development of atomic energy in Bavaria.

A reactor in Karlsruhe is under construction.

A scientist at the Batelle Institute in Frankfurt predicted Germany will be able to use atomic power for industry in two years. The institute carries out industrial research for private firms.

The Bavarian government has passed a law forbidding the use of the atom for any but peaceful purposes.

In this way, Germany concentrates solely on its atoms for peace program without developing the atom for wartime use.

The Presentation Dinner for "The Top Shuffleboard Players" was held Monday. At that time a barbecue was enjoyed by team members, and trophies were given the three top men and three top women shuffleboard players.

The captain of the team, Jack Frost, was the master of ceremonies, and the winners of the prizes were for the ladies: Tina Holstead (who won the city championship last year), Doty Clark and Lu Hill; for the men, Ralph Maupin, Jim Mindheim and Stan McClelland.

APPROXIMATELY 60 attended the meetings of the Guys and Dolls this week. This is a popular social hour where neighbors meet twice each week to meet new residents and to enjoy the company of friends.

Mr. and Mrs. Jack LeMasters have a new mobile home.

Mrs. and Mrs. R. G. Sellinger just received delivery of their ten wide.

The dance held here Saturday night was again a success. Doughnuts and coffee were served by the management.

ROY CLINE AND Frank Miller had birthdays recently here and at the dance Saturday, friends and neighbors sang the birthday song.

Sunday's Hoe Down for Beginners which was put on by the Palm Springs City Recreational Department was fun for all square dancers who attended. As the dance was held at Ramon's Recreation Hall many in the park turned out to help and to learn at the same time.

Rancho Park

Gertrude Benoist of the Desert Aire Dress Shop near Cathedral City had ten models from Rancho model her latest creations.

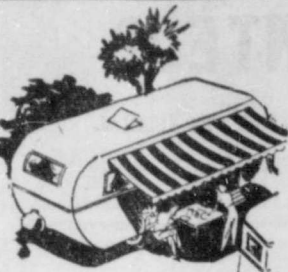

The models were Esther Gibson, Clover Mauldin, Velma Grouws, Nina Terrill, Marge Lutz, Annabell Kain, Harriett Bunts, Bernice Stewart, Helen Wakeman and Marjorie Kemp.

Lillian Shimmings, Myrtle Bradley, Hilda Varum and Carol Joyce helped select and dress the ladies.

THE TWO PAGES were Ninetta Mason and Helen Raicher and the emcee was Lu Hill from Ramon. Rose Dykes and Ida Harritt, both from Ramon, furnished the opening music. Later Vard and Lillian Strickland and Myrtle Hoffman continued with the music for the remainder of the evening.

A humorous skit added to the enjoyment of the occasion, in the form of an all male mock wedding. Roy Leggett was the preacher, Ray Sipple the bride, Art Bradley the groom, Fred Fidler the maid of honor, Cecil Kitchen, Johnny LaCerte and Frank Bunts were bridesmaids. Jim Pavlev was the best man, Harry Wills flower girl, Tom Gow the bride's sad mother, and W. W. Rielly the bride's father.

A SECOND SKIT with Florence Montgomery was similar to "Name That Song." Emma Quist won the prize. Addie Holbrook then sang a colorful Scotch song. Hostesses for the Ladies' Card Party last week were Amy Luke, Ruby Unger and Gladys Allard.

Mr. E. Tooker showed interesting pictures to residents of Rancho Sunday night. Mr. and Mrs. Tooker have just returned to the Park. They and the F. S. Clements who enjoyed a two weeks fishing trip to Mexico and each landed a sail fish and a marlin.

The Ray Chapmans are also back in the park.

New owners of a 47 foot ten wide at Rancho are Ken and Jo Powell.

Horizon Village

Proud of their neighbor John Goodrich are the residents of Horizon Trailer Park. He won the envied position of the City's Championship for the Men's Singles in the Shuffleboard Tournament. His prize was a three star plaque.

Birthdays this week are many. At the Saturday Night Dance the Happy Birthday song was sung to Gil Paquet, Midge McElroy, Amy Carpenter and Elsie Good.

NEW TEN WIDES are becoming the style and are filling up the Horizon. Those who have just recently received their new ten wide include the Hughes, and "Grandpa" and Margaret Hughes, who are nicely settled in their new 47-foot Mobile Home after moving to their new lot.

Bill and Erma Gilmore have moved into the Hughes' old lot.

Betty and Bill Streck also received delivery of their new 47-foot, 10 wide Streamlined. Betty's sister, Mary Segerstrom, and brother, John Fletcher, thought this a good idea so they have a twin ten wide in the same make.

HARRY AND ANN Baldwin of San Mateo are here for the balance of the season.

Bert and Florepe Teeter of Akron, Ohio, have arrived.

Jean and Kingsley Gorrell of Herschel, Calif., are here for several months.

Courtney and Edith Dinnan are now permanent residents of Horizon. She is a long time employ of the Telephone Company and has been transferred to Palm Springs. They will remain for the entire year, both winter and summer.

New arrivals include Lora and Bill McTaggart of Auburn, Wash.

NINA WILLIAMS has now fully recovered from her recent illness. Mae and Guy Hoskinson returned Saturday from their trip to Mexico in time for the Saturday night dance.

Those who attended the Dance Saturday had a grand time dancing to the Swing-a-Ros. During intermission they enjoyed the added treat of hearing Gilbert Paquette.

Kings View

Carl and Lulu King, managers and owners of King's View, were in Los Angeles last weekend visiting Mr. King's brother and wife, the Harry Kings from Center Colo.

Mr. and Mrs. Harry King are here in California spending a few days with their son, Ike, who is in the Air Force and has been sent to the States from Hawaii to attend a specialty school in Glendale.

MRS. CARL KING'S sister and her husband, Mr. and Mrs. Frank from Santa Ana also have been visiting here the past week.

Shirley Matkovich and her daughter, Freda, spent last Wednesday and Thursday in Los Angeles.

Other guests included Mrs. Gladys Iverson and son, Craig, who visited the Kirk family over the weekend.

DON CASH is again home from overseas. His wife is the daughter of Mr. and Mrs. Bagley of King's View. He is now stationed at March Field.

Easter Seal Campaign Is Now Under Way

The 25th annual national Easter Seal Campaign, sponsored locally by the Riverside County Crippled Children's Society, was launched here this week with mailing of traditional Easter Seals to residents of the Palm Springs area.

Campaign officials reported that blue and white plastic canisters have been placed in stores and shops throughout the Village for cash donations.

Funds collected in the Easter Seal drive are used to perpetuate work that for 37 years has been extended to physically handicapped children and adults.

This service, financed by Easter Seal campaign contributions, includes medical care, speech therapy, hospitalization aids, special schooling, transportation, home care, financial assistance, rehabilitation and summer camps for the handicapped.

Bank of America Family Estate Plan Benefits

More than 12 million dollars from Bank of America's 1957 profits was placed in the employees' Family Estate Plan last year, President S. Clark Beise announced in San Francisco today.

The \$12,002,461 total was in addition to salaries, Beise said, and was used to defray employee insurance premiums and to build individual retirement income funds through purchase of Bank of America stock for each eligible employee.

All full-time staff members share in the Family Estate Plan, the amount of participation being based upon years of service with the bank and annual income.

The Plan pays the entire cost of life, hospital and surgical insurance for employees and their dependents, sick leave benefits, Christmas bonus and retirement premiums.

Family Eucharist Set Sunday At St. Paul's

Holy Communion will be celebrated at the 9:15 service of St. Paul's in the Desert Episcopal Church tomorrow, the fourth Sunday in Lent, at which time the junior choir will sing in the Meierbecke setting to the Holy Communion. During the course of the service, the ceremony will be explained to the congregation.

In addition to the 8 a.m. celebration of the Holy Communion, there will also be a service of morning prayer at 11 a.m. with the sermon by the rector, the Rev. William A. Blondin, Jr., based upon the 6th Chapter of the Gospel according to St. John.

The fourth Sunday in Lent, or "Mid-Lent," has historically been marked as a time of the lessening of the Lenten rigors, and has been known throughout history variously as "Refreshment Sunday" and in medieval England "Mothering Sunday."

On this day, people would return to their ancestral homes and attend church with their families. In essence, this was the original Mother's Day in the British Isles, and was a time of modified festivity.

The High School Young People's group will meet tomorrow evening in the parish hall.

'Doubt of Thomas' To Be Sermon

PALM DESERT The Rev. Warren McLain will deliver a sermon on "The Doubt of Thomas" at the 11 a.m. Sunday service of Palm Desert Community Church.

At 2 p.m., Sunday, the church Youth Fellowship will host a visit of the general council of the Riverside Youth Presbytery at the church house. The Fellowship will hold its regular meeting in the house at 6:30 p.m.

In other activities during the week, church women will meet at the church house at 10:30 a.m., Tuesday, to sew and roll bandages for the American Leper Colony.

The U.S. Department of Agriculture estimates that by 1975, total consumption of frozen deserts will be 1,200,000,000 (billion) gallons, a 60 per cent jump over the 1953 production.

'Be Glad You're Emotional' To Be Sunday Sermon Topic

Subject to be discussed this week in the Affiliated Churches of Religious Science is "Be Glad You're Emotional." In Palm Springs, the Rev. Lillian Caldwell approaches the topic from the standpoint that emotions are the fire in the mental boiler, and are tremendous in their potency.

The great challenge is to understand the individual emotional nature in order that it may be controlled. Few persons actually realize that emotions can be created, controlled, mastered, and used at will.

Psychology has long acted upon the premise that wherever a conflict exists between the conscious intellect and the emotional faculties, the emotions will always win in the conflict. This is because the emotions of life are the "Power House."

HOW WE FEEL about something governs the way we react to that thing. Much has been written in the public press on the power of thought but little on the power of emotion. Admittedly, it is important to choose the right thoughts, now it is time for us to discover the importance of changing those thoughts with the right feeling.

Experience proves that those thoughts which are accompanied by strong emotions produce the strongest responses. One of the chief objectives of Religious Science is to develop emotional maturity—develop the individual to the point where he can decide with his intellect just what he will react to, emotionally. To the degree that a person is emotionally mature, he is able to live happily and effectively.

EMOTIONS ARE BOTH constructive and destructive. Love and joy are both emotions. Hostility in any degree—from a "pique" to an "intensity" is a destructive emotion. The intelligent approach is to discover why the individual reacts destructively to any specific stimulus.

Recognition of his ability to understand his own emotional nature is the first step for most persons. Knowing that he can come to an understanding about this power-house of feeling enables him to channel it just where he desires. "Be Glad you can feel"—and "be glad you can learn to feel as you desire" is the theme of the subject under discussion.

'Substance' to be Christian Science Lesson-Sermon

The thoughts and things of God as true substance, and the nature of matter as substantial are discussed in the Lesson-Sermon on "Substance" in all Christian Science churches on Sunday.

The Golden Text from Psalm 137 (73:25) declares, "My flesh and my heart falter; but God is the strength of my heart, and my portion for ever."

"GOD'S THOUGHTS are perfect and eternal, are substance and life," reads a companion passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

The passage continues, "Material and temporal thoughts are human, involving error, and since God, Spirit, is the only cause, they lack a divine cause. . . They are but counterfeits of the spiritual and eternal" (p. 286).

The Adult Choir will sing "Oh Sacred Head, Now Wounded" by Bach. Nursery service is provided during the service.

The Sunday Church School begins at 9:30 a.m. Following the potluck supper and mission study on Japan, a congregational meeting was held, at which time a Building Committee was elected for the erection of the new church building at the new location.

Named were Paul Clark, Edward Dering, Mrs. Adrian Keller, Berton Lamb and Robert Sing. The committee was empowered to negotiate with an architect for a master plan for the new church.

23rd Invitational Starts at O'Donnell Tomorrow

Class A Tees Off Tourney

First action in the 23rd Annual Palm Springs Invitational golf tournament gets under way tomorrow morning as Class A golfers tee off in a 36-hole medal play event.

The event has exceeded all previous entry lists and 150 are entered in the event which includes golfers with a 6-14 handicap and those with a 15-24 handicap in two divisions.

THREE DAYS have been allotted to this portion of the 23rd invitational with entrants going 18 holes each day, on any two of the three days.

Defending champion, Ray Kelley of Palm Springs, who fashioned a one-under-par 133 to win the event last year, has graduated into the Championship Flight. He is now playing with a 5-handicap and up from the Class A ranks, and is playing in the championship flight this year.

KELLEY WON the 6-14 handicap division last year and J. A. Wolstrom, Pasadena, won the 14-25 event.

Following the three days of Class A play, the seniors will take over Wednesday and Thursday. Ed Ross, San Fernando, is the defending champion.

Gala Night will be staged at the Chi Chi Starlite Room Thursday night, the eve of the Championship Flight which starts on Friday morning and continues through Sunday.

Florida Backs Off From Ball Games

MIAMI, Fla. (AP) — The Los Angeles Dodgers lost an exhibition game Friday night to the Chicago White Sox, 3-1, and will take on the American League team again tonight.

Attendance was 3,890, a disappointing total to the Dodgers who hoped for an average crowd of 12,000 for their games here. Their four-game total is 21,101, or an average of 5,275 per game.

Delaney Sets New Record for Mile

CHICAGO, Ill. — Maybe it was just the nearness of St. Patrick's day, but Ron Delaney finally did it. His St. Patrick's Day gift for his rooters at Villanova and for his kinkfolk in Ireland was the world indoor record for the mile run.

Delaney, after failing in 22 consecutive indoor mile victories to lower the world mark, put on his famous kick in the Bankers Mile of the Chicago Daily News Relays Friday night to finish in 4:03.4, two-tenths of a second faster than the world mark set by Denmark's Gunnar Nielsen in 1955.

How did he do it? "I felt I had my best chance of making it when I heard the times announced for the three-quarter," the calm Delaney said afterward.

The three-quarter clocking was

3:05 and the leader was Phil Coleman of the Chicago Track Club, who has paced the fleet Irishman to many an indoor conquest.

Delaney overhauled Coleman seconds after the announcement and burst into a sprint, gradually increasing his lead over Coleman to 18 yards as he hit the tape.

A thunderous cheer from a packed house of 10,136 went up when Delaney's time was announced.

"I didn't even hear them," Delaney said later.

"All I was thinking about was finishing the race."

Indian Baseball Season Opened With 8 to 2 Win

Coach George Scholl's Palm Springs Indians got away to a winning start in the 1958 baseball campaign when they defeated Mary Star nine of San Pedro 8 to 2 at the Polo Grounds yesterday.

The game was cut to six innings and Larry Segundo, who started for the Indians, gets credit for the win.

Leading the Braves' hitting attack were Marty Berk with three out of four, and Joe Lewis, who smacked a triple.

The two teams met again here this morning.

Baylor Sinks Long One in Closing Seconds to Win

By JOHN GRIFFIN
United Press Sports Writer
Elgin Baylor's dramatic 30-foot shot with two seconds left to play and Kansas State's "stopping" of Oscar Robertson were the highlight of the NCAA basketball tournament today going into the final rounds of the four regional eliminations.

Baylor uncorked the most important basket so far in the court carnival Friday night to give Seattle a 69-67 victory over San Francisco in the regional at San Francisco.

Robertson, Baylor's arch-rival for the national scoring championship, fouled out with four minutes left to play in overtime at Lawrence, Kans., as his Cincinnati team bowed to Kansas State, 83-80. The defeats of Cincinnati, and San Francisco, plus that of West Virginia on Tuesday, complete a clean sweep the teams ranked 1-2-3 in the nation at the end of the regular season.

Here's the lineup for the regional finals tonight:
At Charlotte, N.C.: Temple vs. Dartmouth.

At Lexington, Ky.: Notre Dame vs. Kentucky.

At Lawrence, Kans.: Kansas State vs. Oklahoma State.

At San Francisco: California vs. Seattle.

The Charlotte winner will meet the Lexington winner at Louisville, Ky., March 21, for the eastern NCAA championship; the Lawrence winner will meet the San Francisco winner at the same site the same night for the western title. The following night eastern and western champs clash for the national crown.

Anthony Wants Patterson Bout After KO Victory

NEW YORK. (AP) — Light-heavyweight contender Tony Anthony said today he will "move up" and campaign for a shot at the heavy-weight crown because of his impressive technical knockout victory over Yvon Durelle at Madison Square Garden Friday night.

Lanky Anthony of New York, who had fought a draw with Canadian Durelle at Detroit last June, survived a first-round knockdown and rallied to floor rugged Durelle in the sixth and stop him at 31 seconds of the seventh.

The victory put Anthony, 22, in position to challenge for a second shot at Archie Moore's light-heavy title because Durelle was the second-ranking contender and the defeat snapped his unbeaten string at 12 bouts.

Anthony, who had been stopped by champion Moore in the seventh round of their title fight at Los Angeles last September, said "I believe I could beat Moore now, but what's the use of challenging him again? He'll demand another big guarantee and we can't put it up. So, I'll go after Floyd Patterson's heavy title. I can fight good at 160 pounds."

Building Height Limit Change Hearing Set

Second of two public hearings on a proposed amendment to the building height ordinance was today scheduled for March 19 at the regular meeting of the City Planning Commission.

The amendment proposes a height limit of one story and 15 feet for future single-family residences, excepting homes on hillside sites.

The present ordinance permits construction of single-family residences to a height of two stories, with a 30-foot maximum.

Commissioners feel that at the two-story height is "generally contrary to the type of building found in the city" and would be suitable only on hillside sites.

Alexander Takes Out Home Permits Valued at \$1,200,000

Following last week's announcement concerning his \$10,000,000 home building program for Palm Springs this year, pioneer builder George Alexander applied for construction permits in the amount of \$1,200,000 this week.

Alexander also quickly pointed out that George M. Eason, president of Standard Federal Savings and Loan Association of Los Angeles, shared his confidence that the bottom of the national recession had been reached, by supplying ample loan funds to this area for the creation of this giant building boom.

"I WANT TO FOCUS the attention of the nation upon Palm Springs, with its special type of health-giving halo for people all over the world," Alexander stated when applying for the first batch of building permits.

Hal Phillips, public relations counsel for the Alexander Company also pointed out that 1,000 special copies of last week's announcement carried exclusively in The Desert Sun, was being sent out to other homebuilders and financial firms over the nation, calling

attention to this shot into the national economy, originating in Palm Springs.

SPECIAL MAILINGS were made to administration press secretary, James Hagerty. Commendatory answers are already starting to pour into his office, Phillips stated.

Special announcement was also made concerning the formal opening today of a new model home in Mountain View Estates at the corner of Via Monte Vista and Crescent Drive, in Palm Springs. This home is one of the entrants in the contest of the National Association of Home Builders, which presented an award of National Merit to the Alexander Company earlier this year.

Refreshments will be served at the new Mountain View Estates Home from 1 to 4 p.m. The home is furnished by Arthur Elrod A.I.D. of Palm Springs.

Investors Rate Village Better Financial Risk

Palm Springs' rapidly growing school district is apparently a much better financial risk today than it was five years ago.

Schools Supt. Wallace Muelder reported that bonds for \$1,000,000 worth of school bonds, first of \$2,138,000 of bond sales authorized in December, were rated at an average 3.3303 per cent in bids opened by the Board of Supervisors.

The rate was 4.31 per cent for the district's 1955 bonds.

Board of Education member Frank Muller reflected "it seems that they (the companies submitting bids) think three-quarters of a per cent more of the district today."

Plans Disclosed For Services At Easter Time

Plans were disclosed today for the city's first afternoon Passion Week Services and the traditional sunrise service to mark local observance of Easter.

Dr. James H. Blackstone, pastor of Palm Springs Community Church will conduct the first noon-hour Passion Week Service here at the Plaza Theater from March 31 through April 4.

The 43rd annual sunrise service will be conducted Easter morning at Inspiration Point, above O'Donnell Golf course, which is marked by the huge, mountain-side cross.

Bill Hay will read the scriptures for the 17th successive year and music will be provided by the Community Church Choir, under the direction of Elmer Young, with Lois Lux accompanying.

Edward Lyman, of New York City, will be soloist at the sunrise service. Lyman has also been invited to sing at the Passion Week Services.

Music Building Now Occupied

High School staff members moved into their new music building following acceptance of the recently completed structure by the Palm Springs Board of Education.

The board also accepted a new two-classroom addition for Cielo Vista School.

Still under construction, the high school auditorium was reported as being 76 per cent complete. Estimated completion date is June 15.

Tramview Trailer Park's Hobby Show, Bazaar Again Proves Very Successful

By BETTY SCHROEDER

Tramview, the hub of hobbies, had a large and amazing Hobby Show and Bazaar.

Each year residents of this park (a great many of them interested in at least one hobby) plan and work for their annual Hobby Show.

The director and inspiration the past two years has been Mildred Ward, who again, in spite of an illness which put her in the hospital last month, was in charge of the display of ingenuity and effort.

THERE WERE 24 display tables. The display themselves were the result of the combined work of many. The hobbies represented and those who were in charge of the tables were as follows:

Charles Hughes of Tramview had before him an almost complete collection of American coins; Olivia Clark and Mrs. Friedell demonstrated their copper enameling process with a display of the resultant jewelry.

DOROTHY FUNK, Helen Smylie and Dutch Fritcher represented the Rock Hound Club of their park; Beulah Nulton, and Mabel Strober were with the work of the Pine Needle Class; Elmer Morrow's table was almost completely filled with his varied and numerous watch collection, the prize of which is a large pocket watch known to have been carried through the Civil War by a relative of his.

The Shell Work Class (Mildred Ward's Class) was represented by more than one table: Mildred Moody was with one display, Esther Woods with a combined display of shell work and copper screen belts, and Muriel Fletcher was at another table where he demonstrated the delicate work.

MARTHA KEMP was in charge of the handwork table; Lily Maes the handpainted china; Marie Tandy and Emma Shumaker were the artists whose distinctive paint-

ings added to the beauty of the entire show; Doris Sprague again had another table of fanciful shell work; Marie Bare the knitting table, complete with a knitting loom and the resultant knitted dress and other work, plus hand knit work of many.

Pearl Huftile was in charge of the filmy old lace display; Flora Osterholt's table represented the expert wood and leather carving, Jean Olsen's table—shell jewelry.

ANN DASHO displayed her inventive arrangements for music appreciation and knowledge, plus her novel and painting of "Grandma".

Jane Yantis' display table was unique in that old tin cans had been cut and fashioned into burnished beauty.

Most amazing was the extremely interesting and varied collection of antiques, many of which were from 100 to 250 years old, the first photograph (which still played), and urn of emerald-like color—250 years old; delicate cake dish, 100 years old, steins from Munich over 200 years old, an English vase from 1700, ancient carvings from China, plus an intricate and colorful smoking stand from India.

LEONA BRIDGES' table had a different display of shell craft; Mable Strober's table was bright with Easter dresses as her sewing display; Chris Schlee's table represented the expert wood inlay done at Tramview; Frank Watson's collection of stamps had the first stamp made—an English stamp, plus many others.

The Hiking and Camera Club was represented by a large display of both cameras and colored slides.

COOKIES AND PUNCH were served to make the Show and Bazaar even more enjoyable and prizes were also included. Hostesses were Frances Cornwall, Ruth Childs, Hazel Riser, Faye Gerow and Cecil Doe. Ladies at the registration table were Ruby Arnold

and Alice Phillips. Bol Hollister, manager of Tramview, was "helper-in-charge."

Displayed on one wall were the 39 prize ribbons on this year at the Date Festival by those in the park, and five ribbons won at the Fall Rally.

If any little green men show up tonight... they'll find pre-St. Patrick's activity in full swing at Thunderbird... Green shamrocks and balloons will set the decor... and there will be derby hats for everyone... Steak features the menu... but it gets in the rollicking Irish mood... with green pea soup and Coupe St. Pat (lime sherbet)... The Moss Quartet from Los Angeles will play Irish melodies for the dancing... and no one will be mistaken about it... St. Patrick's Day is almost here... Several cocktail parties will precede the evening of dinner dancing at the Club...

The Earl Buckinghams are hosting the largest party... with 50 couples invited to their Club View Drive home for cocktails... Bill and Betty Bannerman's home on South Calle Rolph will be the scene of another pre-dinner gathering... with the Bannerman's guests in the St. Pat mood... The men will be wearing white dinnerjackets and green tie... and the women dinner gowns with a touch of green...

Green and white will decorate the Thunderbird home of Blanche and Joe Hale when they entertain at a party honoring Mrs. Fred Halliday... who leaves April 13 for Washington D. C. for the annual D.A.R. convention... and may go on to Europe afterwards...

Mr. and Mrs. Louis Benoit flew down from San Francisco in their own plane... to spend a couple of weeks at their home on Alta Vista Drive... With them as their houseguests are William Wallace of San Francisco... and David Bouverie of Napa Valley...

The Larry Davidsons of West Chino Drive... have as their houseguests Mr. and Mrs. T. C. Bolton of Sioux City... who arrived Sunday for a three weeks' stay... Mrs. Bolton is a sister of Larry's... and the Davidsons hosted a small dinner party last night honoring the lowans...

The Jack Sheridan (she's the former Elaine Naish) and their three children, Gary, Cathi and Jack Jr. are down from Beverly Hills...

where they are building a new house... Elaine plans to be a deputy for Desert Circus as she has in previous years... so she and the children will be here for several weeks...

Her parents the J. Carrol Naishes... have recently returned from Europe where he has been making a series of Charlie Chan pictures for television... and plan a visit to the Village in the near future...

The Ernest Breeces entertained at cocktails at their Thunderbird home Thursday evening before the party moved on for dinner at Romanoffs... In the gay party were the Bill Fords, Ed Moores, Ken Merediths... Adair O'Keefes, Clarke Swansons, Lou Maneaus... Mr. and Mrs. Kent Hayes and the Bob Breeces... There were two birthday cakes... one for Bill Ford and one for Ida Lee O'Keefe...

Jan Klug returned from Duluth a few days ago... leaving her mother Ruth Kruidenier there with her other daughter Pat, who's husband Harold Wright remains in critical condition... Jan's still having trouble from the neck injury she suffered a month or so ago... and is entering Desert Hospital on the 18th to spend a week in traction...

Dixie Janis (Sam's wife) came up with a cute suggestion for Desert Circus theme... Dixie dreamed up "Brains, Brawn and Beauty"... making use of some of our celebrated winter residents... You know... Brains like Paul G. Hoffman, Raymond Loewy, Ronald Butten, Virginia Lloyd... Brawn like Mickey Finn and I dunno who else but Dixie suggested some of our muscle glamor boys in the parade... just for woman appeal... and Beauty being no problem at all... as we have some of the world's great beauties here in the Village...

Dixie says "Here is the way to honor people of our town... and to bring home to other (with our salesmanship) the brains, glamor and beauty we are blessed with... we, the people of Palm Springs!"

The only thing that bothers me is... how we're going to classify such stalwarts as Harpo Marx and Eddie Cantor...

Dropped into the new Signature Room over at MFK the other evening... and received a warm welcome from Milton Kreis and from our old friend Joe Pine who's the manager... This is a cozy and attractive spot... from the dutch doors at the entrance... to the conversation piece of the screen back of the bar that carries hundreds of signatures of people around town... There's a color television... that's the best I've seen... hors d'oeuvres with your drinks... and a spotless and intimate diningroom...

BOWERS OF FLOWERS transformed the Tennis Club into a springlike setting for the Woman's Club's annual Spring Party Thursday. Here Mrs. Roy Burton, chairman, is shown with Mrs. Louis Lombard, modeling on left, and Miss Hazel Cross, on right, who assisted with the luncheon. (Desert Sun Photo.)

A short business session, conducted by the president Mrs. Flo Ambler Finerman will precede the program, which will be followed by refreshments and a social hour. The meeting is open to all who are interested in attending.

The Nichols have just returned from a trip to Europe where they visited Switzerland, France, Italy, Greece and Lebanon. Wednesday evening they attended the Jerry Lewis show at the Chi Chi.

Floral Setting For Party

Pink, purple and white sprays of spring flowers on pink covered tables surrounded by beautifully gowned women made a picture worthy of a beautiful spring day on Thursday at the Tennis Club.

The occasion was the spring party of the Palm Springs Woman's Club and the people responsible for the lovely setting were the hill-top house members: Mmes. Glen Watson, David Carlin, George Chandler, Paul Burkholder and Corinne Caryle who gathered the profuse bouquets from their own gardens.

Close to three hundred women gathered for luncheon, cards and a fashion show by Faye - Renee and Stanley Jaloff's Beachcomber shops.

The non-professional women who modeled the very attractive, summery silks and cottons of Faye-Renee were: Mmes. Bow Herbert, Donald Lockett, Herbert Burns, George Smith and Louis Lombard.

The Beachcombers' glamorous swim suits, lounging clothes and sports dresses were shown by professional models.

Mrs. Roy Burton chairman of the affair, and Miss Hazel Cross and Mrs. Clare Kinne, who handled the ticket sales, expressed their pleasure and appreciation at

the wonderful cooperation shown by the large crowd. Since there could be no reservations, the seating was taken care of by the well organized Tennis Club staff. The proceeds from the party will augment the scholarship fund of the Palm Springs Woman's Club.

Doll House Dining

Doll House dining during the past week were Mr. and Mrs. Claude Thompson who were celebrating her birthday (they are the owners of Thompson's Stationery store); Mr. and Mrs. Jack Gorman, Mr. and Mrs. Mort Kallis of Chicago, Mr. and Mrs. Bill Grant, Mr. and Mrs. Fernando Lamas (Arleen Dahl), Mr. and Mrs. Raymond Loewy, and a three-some Mrs. Eleanor Larabee, Grace Pope and Mrs. Tom Fleming.

Panhellenic To Protect Palm Canyon

Coachella Valley Panhellenic Club this week went on record as favoring the preservation of Palm Canyon and the surrounding lands in their natural state and appointed a committee headed by Mrs. Randall Henderson to determine what club members may do to further this cause.

The action was taken at Thursday's luncheon meeting at the Racquet Club and followed a talk by member Mrs. Len D. Owens. In her talk Mrs. Owens stressed the need for a "beautiful breathing space" as concrete roads and ever-widening subdivisions spread over the desert area.

For Palm Springs proper, Palm Canyon provides such a beauty spot, however, Mrs. Owens warned there is no assurance under the present status of the canyon that commercial and residential developments may not be built through-out this area. It is true that in 1922 an act was passed by Congress declaring Palm Canyon a national monument. Unfortunately, the money was not raised to complete this, and no further action was taken, she said.

Final plans for the tea honoring girls being graduated from Coachella Valley High School, Palm Springs High School, and Palm Valley School who are planning to go on to college were announced. Mothers of these girls will be honor guests, too, on Saturday, March 29, when the tea will be held at Mrs. Chauncey Needham's Thunderbird home.

Texas Depart

Mr. and Mrs. M. R. Irion (he is a prominent attorney), of Dallas, Texas, have returned to their home after spending a few days here as the houseguests of Mr. and Mrs. Ralph Smith at their home on Vereda Sur.

While here they attended the WAIF Ball and were entertained at a cocktail party at the Patencio Road home of Mr. and Mrs. Ray Gould.

MRS. LEO HIRSH, president of the Southern Pacific Region of Hadassah, will address the Gussie Fleischman Group when it holds its 12th birthday party at the Jewish Community Center on Tuesday.

Fleischman Group To Celebrate 12th Birthday

The Gussie Fleischman Group of the Jewish Community Center announces the celebration of its 12th birthday at the next regular meeting, Tuesday, March 18, at 1 p.m.

A special dessert tea will precede the anniversary program. Honored guest speaker for the occasion will be Mrs. Leo Hirsh of Los Angeles. Mrs. Hirsh is the president of the Southern Pacific Region of Hadassah and has recently been to Israel on a United Jewish Appeal study mission. She is also a member of the board of the Los Angeles Jewish Community Council.

A film of particular interest to women will be shown entitled, "Rebecca Shall be Thy Name." Dr. Sadie Shellow is chairman of the group.

In Las Vegas

Recent visitors to the Fremont Hotel in Downtown Las Vegas were a group of 30 vacationers from Sahara Park, Palm Springs. Included in the group was Alexander Williamson, Republican candidate for United States Senator from California.

Among those invited to gather with them on Tuesday are: Mr. and Mrs. W. H. St. Pat Party At Oasis on Monday Night

There will be the "wearin' o' the green" all around the Oasis Hotel on Monday night as that smart hotel inaugurates its St. Patrick's dinner dance that evening. Those attending will be able to dance to the melodies of Pat Barbara and his orchestra, and the old favorite, Johnny Boyle, termed for that evening "the Irish Cowboy" will stroll from table to table singing the popular Irish songs.

Many are getting up dinner parties to mark the occasion. This dinner dance is open to the public. Reservations are suggested and maitre d' Jim Ryan is taking reservations at FA 4-1301.

Oasis Hotel is proving one of the liveliest places in the Village this season, since general manager Dewey Metzendorf, inaugurated the after 8 p.m. supper club atmosphere with special menus prepared by the chef at the charcoal broiler in the diningroom.

JERRY LEWIS is playing to capacity audiences in the Chi Chi Starlite Room, during his West Coast premiere of his new night club act. Opening night was last Friday, March 7, and he will continue through Sunday.

March 23. The show, "Laugh, Clown, Laugh," features dancers Dick Humphreys and Peg Leg Bates, and Lewis' own 17-piece orchestra conducted by Lou Brown, with Murray Frank on the drums. Following his engagement

at Chi Chi, Jerry will prepare his next TV show to be seen in April, and then leaves for London where he will play the Palladium. (Desert Sun Photo).

Dr. McCracken Is Invited to Safety Meet

Dr. J. H. McCracken, 371 Chino Drive, Palm Springs, and of San Pedro, has been invited by President Eisenhower to attend the President's 10th Anniversary Conference on Occupational Safety, to be held in Washington, D.C., March 25-27.

Around the theme—Safety Conserves Manpower... Manpower Builds the Future—the Conference will consider methods of safeguarding the changing labor force against the emerging technological hazards of the Space Age.

THE NEXT DECADE is expected to face a relative shortage of men in the prime working ages and great increases in older and younger workers and women. To the well-known hazards will be added those resulting from wider uses of nuclear energy, new chemicals, and space flight both in research and in production.

Commemorating its tenth anniversary, this Conference will assess vast progress and problems as guides to the safety challenge of the future.

The President will greet the delegates and Secretary of Labor, James P. Mitchell will address them, as will other leading figures of industry and labor. Sneakers and workshops will deal with several important aspects of the safety problem.

Nixons to Make Good Will Tour To South America

WASHINGTON — Vice President Richard M. Nixon and his wife, Pat, will make a two-week good will visit to South America beginning April 27.

Nixon will represent President Eisenhower at the May 1 inauguration of Argentine President-elect Arturo Frondizi in Buenos Aires.

Nixon's four-nation itinerary will be announced later, White House Press Secretary James C. Hagerty said. The vice president's most likely stop would be Uruguay, Peru, and Venezuela. He will return home about May 10.

Diplomatic observers interpreted Nixon's trip as an administration answer to Democratic charges that top U. S. policy makers are neglecting this country's Latin American neighbors.

Sheriff Accused Of Favoring Union in Strike

WASHINGTON — Sheboygan Police Chief Steem W. Henke testified today that Sheriff Theodore Mosch warned his deputies to "lay off" investigating violence during the bitter Kohler Co. strike in Wisconsin.

Henke told the Senate Rackets Committee that the Police Department "stood alone" in investigating strike-connected vandalism and violence.

"In fact, some of the Sheriff's deputies who were interested in this were censored by the sheriff and told to lay off," Henke testified. "They were told an investigation would be by the sheriff alone."

But, Henke testified, the sheriff did nothing to help the police during a 1955 waterfront riot when a mob prevented the unloading of a ship carrying clay for use in Kohler plumbingware.

MULTIPLE LISTING IS FOR CO-OPERATIVE SELLING OF REAL ESTATE

The Multiple Listing Caravan is becoming a familiar sight. Thirty or more real estate salesmen take the weekly tour to inspect properties just listed in Multiple. They estimate the value of the properties visited. The average is compared with the asking price. Thus, the broker with whom you listed your property has a measure of its market value. If you are curious about your property, call him.

Call any broker listed below if you want your property on the Caravan.

Stevenson Warns On Summit Meet

NEW YORK — Adlai E. Stevenson warned Wednesday night that the United States should take a cautious attitude in approaching a summit meeting with Russia.

The twice-defeated Democratic candidate for President said that the U. S. should beware of a meeting with the Soviets without first establishing an agenda which had been worked out with careful preliminary meetings at lower diplomatic levels.

Husband Learn That They Were

SHIMODA, Japan — Twenty men who married heiresses and adopted their wives' names gathered here to protest against society gossip that they were hen-pecked fortune hunters.

The meeting was broken up by a flood of telephone calls from angry wives demanding that their husbands return home.

Theodore Roosevelt Centennial Commission to Restore Fire of Patriotism to 1958 Fourth of July Observance

By DOC QUIGG
United Press Staff Correspondent

NEW YORK — With the backing of President Eisenhower, the Theodore Roosevelt Centennial Commission is out to restore the fire of patriotism to this year's Fourth of July observance.

It has issued a call to the American people to summon the vigorous Teddy Roosevelt spirit on that day and rededicate themselves to the cause and responsibilities of freedom.

PRESIDENT EISENHOWER will participate in a special July 4 ceremony on Theodore Roosevelt Island in Washington, a commission spokesman said.

The Washington event, the commission hope, will be only one of

thousands in which communities in meetings review the rights of the free citizen and on floats and placards tell the basic liberties of the Bill of Rights and the responsibility to keep them alive.

IT IS PROPOSED, also that church bells of the nation ring at intervals through the day and churches that have chimes play "America."

A year-long Theodore Roosevelt centennial now is being observed. Hermann Hagedorn, Roosevelt biographer and director of the commission, in issuing the call for the special observance noted that dictators parade military might on national holidays and asked that America on July 4 parade the source of its strength—freedom.

"AMERICA WAS the ruling passion of Theodore Roosevelt's life, not as a geographical unit or as focus of power but as a symbol of the 'free spirit,' expressed in political institution and social behavior, and upheld and perpetuated by a responsible citizenry."

"The Fourth of July commemorates the greatest single event in American history, the achievement of independence. The commission has no intention of appropriating the day for Theodore Roosevelt and could not do it if it would."

"What the commission asks—in the light of the dangers threatening the nation at home and abroad, and of the position of world leadership that has been thrust upon us—is that the Amer-

ican people restore to their great national holiday, in Theodore Roosevelt's centennial year, its traditional appeal as a day of remembrance and challenge."

No Joy in Say, Husbands Say

KAGOSHIMA, Japan — A delegation of plump, healthy and fed-up husbands pleaded with a government food expert today to lay off the soy beans. For the last 10 months, said the healthy but unhappy husbands, since the start of a government campaign extolling the nutritional values of the soy, they've had 'em — morning, noon, and night.

Prize Winning High School Photos To Be Exhibited Here

Fifty prize photographs including the top winners in the eleventh annual National High School Photographic Awards will be shown at Palm Springs High School March 24 to 31.

The contest, sponsored annually by Eastman Kodak Company, is generally acknowledged as the leading teen-age photo contest. It recognizes achievement in photography with cash prizes and certificate awards.

REPRESENTATIVE OF the excellent photography being done by high school students throughout the U. S. and its territories, the exhibit includes the sixteen major winners from the 1956 competition, plus a selection of pictures that received Honorable Mention Awards.

Aside from pictures of School Activities, which heads the categories, there is a wide variety of everyday subjects, including fun-time shots; eye stoppers for composition and scenic beauty; photos of babies and children; striking pictures of birds and animals

—all captured by these alert teen-age photographers.

GRAND PRIZE winning pictures included in the display are the work of: Robert Brown, Hamilton High School, Los Angeles; Bob Peterson, Albany (Calif.) High School; Frederick Ayer III, Millbrook School, Millbrook, N.Y.; and Walter Thiem, Greenwich (Conn.) High School.

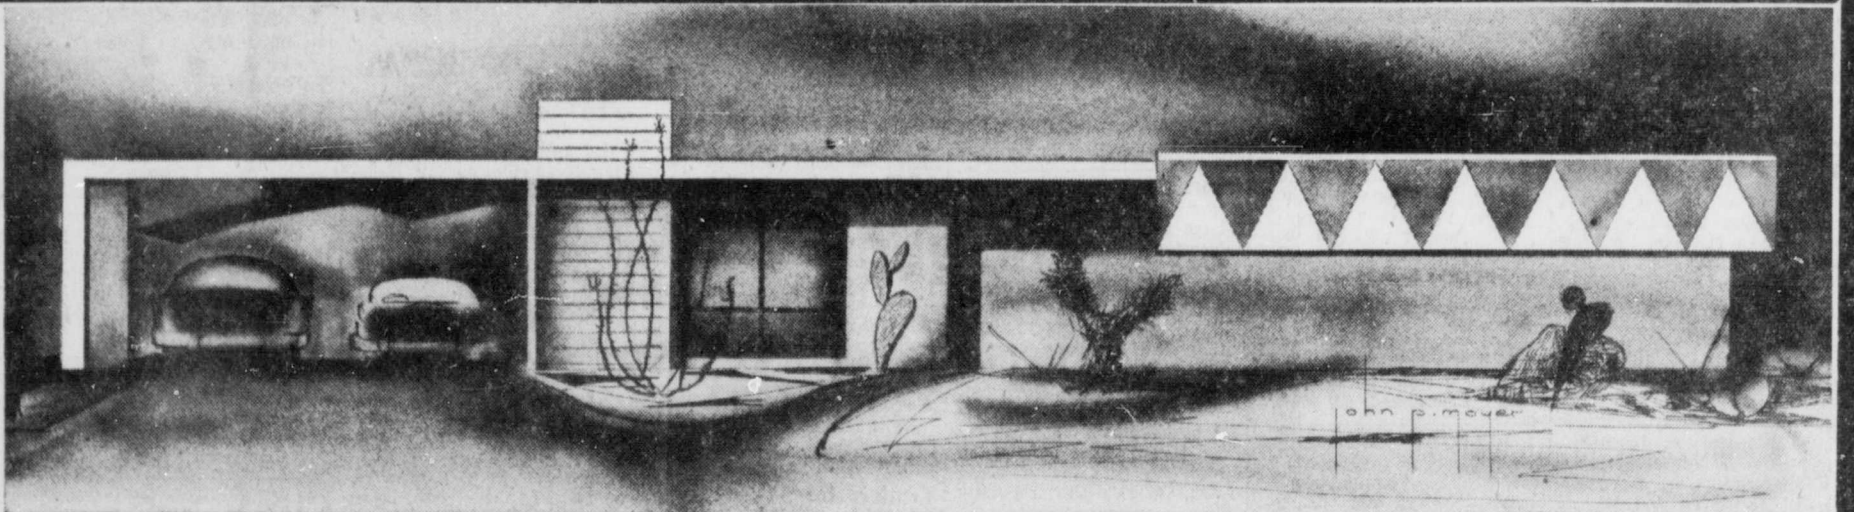

Information about the next competition may be obtained by writing to Eastman Kodak Company, Rochester 4, New York.

This exhibit is sponsored by the Art Department at Palm Springs High School.
